

Zurige™

FACT SHEET

Zurige™ is a supercharged, scientifically backed, brain supplement coffee blend.

It's not just ordinary coffee—this instant coffee helps cognitive health, sharpen memory, and promotes hyper-focus.

While awake, the brain produces adenosines, which trigger the release of dopamine and norepinephrine. Zurige™ keeps the alert state longer without crashing or jittering!

Our Proprietary Brain Boosting blend is formulated with CognatiQ®, clinically proven to significantly increase levels of Brain-Derived Neurotrophic Factor (BDNF), a key neuroprotein vital to learning, memory, and higher thinking. Lion's Mane Mushroom, clinically shown to promote nerve function and growth by supporting Nerve Growth Factor (NGF). Stabilized Rice Bran, our flagship ingredient with over 100 nutrients in one easy-to-take serving! And Coffeeberry® cascara rich in potent antioxidants providing a hint of caramel like sweetness.

A new experience made with 100% Colombian coffee espresso blend.

Supplement Facts

Serving Size is 3g
Serving Per Container 30
